Prepared by: Baltic Commercial Bank, Credit Monitoring

Prepared for: Prospective lenders (limited distribution)

Reporting period: LTM to 30 June 2026

Basis: Consolidated statutory accounts and credit registry extract

1. Key credit metrics

Metric	Value	Comment
Revenue (LTM, USD m)	128.0	Consolidated
EBITDA (LTM, USD m)	11.5	Before exceptional items
Total financial debt (USD m)	82.0	Per debt schedule, section 2
Cash and equivalents (USD m)	6.2	Group, period end
Net financial debt (USD m)	75.8	Total debt less cash
Total debt / EBITDA (x)	7.1	Above typical senior thresholds
Non-performing exposure (USD m)	5.6	Past due more than 90 days
NPL ratio (%)	6.8	Non-performing exposure / total debt

2. Debt schedule

Facility	Counterparty	Outstanding	Status
Senior term loan	Baltic Commercial Bank	24.0	Performing
Revolving credit facility	Baltic Commercial Bank	6.0	Performing
Equipment leases	Various lessors	4.0	Performing
Group funding tranche	Northwind Holding Sp. z o.o.	48.0	Past due
Total financial debt		**82.0**	

Amounts in USD millions. The group funding tranche is classified as financial debt on the basis of the account type code in the credit registry extract.

3. Asset quality

Non-performing exposure of USD 5.6 million is concentrated in the group funding tranche, where a settlement shortfall has been outstanding at the reporting date. On this basis the consolidated NPL ratio stands at 6.8%, above the 3% level generally accepted by institutional lenders.

4. Observations

Leverage and asset-quality indicators are weak relative to peers. Prospective lenders should request supplementary management information to confirm the classification of group funding balances before relying on the figures above.

5. Methodology and limitations

Figures are derived from consolidated statutory accounts and a credit registry extract and have not been reconciled to management accounts. This report is provided for information only and does not constitute credit advice.
